

# coach

**Quality matters.  
The regulation is coming!  
06/02/2018**

EU Directive 2013/59/Euratom  
Protection against ionising radiation

**Learn, optimize & succeed**

Guide your radiology department towards  
improved quality, efficiency & compliance

# let us offer you a solution

## Why COACH?

- Create FTE capacity with a minimum of 1/2
- Increase productivity
- Quick start
- Decrease waste in time & error
- Reduce manual labour
- Reduce waiting time

## Be constantly audit-ready

- See what are the areas missing to be compliant with
  - accreditation & certification standards  
JCI, QMENTUM/NIAZ, HSO
  - European Directive 2013/59/Euratom
- Avoid double work & convert your answers to other available auditing schemes

## Manage your knowledge

- Centralize knowledge digitally from the current infrastructure
- Communicate knowledge easily by showing the right documents to the right person

## Increase efficiency

- Find the correct document directly
- Everyone on the floor applies unified & compliant good practices procedures in their daily practice

## Optimize quality

- Measure continuously the quality progress of your department
