

compliance

**Compliance matters!
Quality matters!
Take control now!**

**Are you ready to release
the burden of the being
compliant?**

Let us offer you a solution

Why COMPLIANCE?

- Get a “quick-start” with any radiology standard
- Save time
- Lower the workload
- Easy follow-up
- Automatic report generation
- Enhance healthcare quality

Be constantly audit-ready

- Aid compliance with
 - Accreditation & certification standards, JCI, QMENTUM/NIAZ,HSO
 - National or international obligation (B-QUAADRIL, B-QUANUM)

Self-evaluation and internal audit

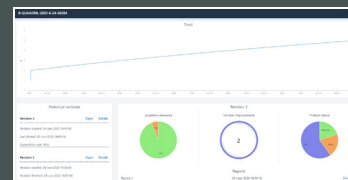

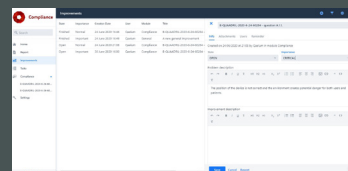

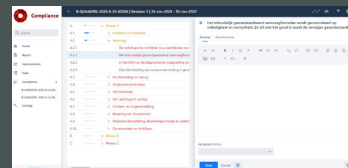

- Generate a digital self-evaluation form with a time stamp and save all related sources
- Early reminders for your next self-evaluation
- Pre-filled self-evaluation form - ready for your validation

Easy reporting

- Automatically generate reports showing the individual response for each question, the progress while evaluating (overall and at specified levels), the recommendations and conclusions

Quality improvements

- Create improvements based on priority and per topic
- Continually monitor the progress of the quality within your department
